SURGERY CANCELLATION & NO-SHOW POLICY

Thank you for choosing the **Men's Health Center at Urology of Indiana** for your care. As part of our standard intake process, we ask all patients to review and acknowledge the surgical scheduling policy below. **Signing this form does not mean that surgery has been recommended or that a procedure is being scheduled.** It simply ensures that you are aware of our office policy in the event that a surgical procedure is recommended and scheduled in the future.

We understand that unforeseen circumstances—such as family emergencies or personal obligations—may occasionally require a patient to cancel or reschedule a planned surgery. If that situation arises, we respectfully ask that you provide as much advance notice as possible so that we may offer the surgical time to another patient in need of care.

To schedule, cancel or reschedule a surgery, please contact our office at: **(317) 807-0159**

PLEASE REVIEW THE FOLLOWING POLICY:

1. All surgical cancellations or reschedule requests must be made at least four (4) weeks (28 calendar days) prior to the scheduled surgery date.
2. Any cancellation made less than four (4) weeks before the scheduled surgery date will be documented as a policy violation and may be subject to a **$500.00 cancellation fee**.
3. If you do not appear for your scheduled surgery without any prior notification, this will be documented as a "No-Show" and will also be subject to the **$500.00 fee**.
4. After a first policy violation, you will receive a phone call or written notice as a courtesy reminder of this policy. Please note that repeated violations may limit our ability to schedule future procedures on your behalf.
5. Chronic no-shows or repeated late cancellations may result in dismissal from the surgical schedule and potential termination of the patient–provider relationship.

By signing below, I acknowledge that I have read and understand the Urology of Indiana **"Surgery Cancellation & No-Show Policy."** I understand that this policy will apply if a surgical procedure is scheduled for me at any point during my care with this practice.
